Hold On

Spensha Baker

Hoowoo
I know just what it feels like to be on your own (oh yeah)
and I know just what it feels like
When there's no place to go
Said I know just what it feels like to belong
(I do.oh...)
Yes I know just what it feels like
Do you know? Do you know?
(do you know ah)

Chorus:

When the bottom falls off
Feels like you're losing ground
Hold...on
Hold on
When you're lost in the dark and you can't see no way out
Hold on
Hold on
Gotta know its gon get better
He can put it back together
If you just
Hold on
Just keep your head up
No you don't have to stay down
Hold on
Hold on

Verse 2:

I know just what it feels like
When all your hope is gone
And I know just what it feels like
