Good Girls

Beverley Mitchell

All of my friends tell me that I am the good girl
Yes they do
They all see me as me being so perfect
Little miss goody two shoes
If I do something a little risque
They all gasp and I just say
[Chorus:]Good girls, wanna get crazy sometimes too
They wanna shake off their halo, kick up their heels
And let their wild side show
Good girls, wanna get crazy sometimes too
I try to be the good girl mama raised me up to be
Sometimes breaking all the rules sounds mighty good to me
Like going where I don't belong

Rockin' 'till the break of dawn
[Chorus:]Good girls, wanna get crazy sometimes too
They wanna shake off their halo, kick up their heels
And let their wild side show
Good girls, wanna get crazy sometimes too
How can I be an angel, I've got no wings at all
Don't put on no pedestal, you know I'm bound to fall
Good girls wanna get crazy sometimes too
[CHORUS 2x:]Good girls, wanna get crazy sometimes too
They wanna shake off their halo, kick up their heels
And let their wild side show
Good girls, wanna get crazy sometimes too
