Sometimes You Need

Rufus Wainwright

Somtimes you need a stranger to talk to.
Sometimes you need to go to the observatory.
Sometimes a movie stars eyes get you throught the love and the lies
Sometimes you need a stranger to walk with.
Sometimes you need to go to the dog park
Sometimes a movie stars spark gets you throught the dark
Sometimes a movie stars bark bites your hearted b*##$ out of love
I'm so tired of writing of cities
Guessed that you've guessed which one this is
Sometimes a movie stars eyes gets you through the love and the lies
Sometimes a movie stars kiss.
Lets get lost in...Los Angeles.
Sometimes you need a stranger to talk to.
