Walk Away

Athenaeum

I need a quick solution, I need some good advice
I'm broke but untraditioned? empty hearts and sacrifice
And I need you to remind me
And I need one more day without you
Somewhere without me, I could not find my wayI was waiting for the right time to give you what you need
but it was something I could not find, so walk away from me.If this love has one condition,
then this love will not suffice.
Some say that superstition will bear the blame
Locked in your eyes
So tell me who keeps the secrets
and first of all who'm I to (blame)?
Save me from ever believing that we could find our way
I was waiting for the right time
To give you what you need
But it was something i could not find
So walk away from me
You can rub me the wrong way
You can slap me up in my face
You can beat me until I break
Just walk away from me
Walk away
Walk away
Walk away
