Montauk

Rufus Wainwright

One day you will come to Montauk
And see your dad wearing a kimono
And see your other dad pruning roses
Hope you wont turn around and goOne day you will come to Montauk
And see your dad playing the piano
And see your other dad wearing glasses
Hope that you will want to stay for a while
Dont worry, I know youll have to goOne day you will come to Montauk
And see your dad trying to be funny
And see your other dad seeing through me
Hope that you will protect your dadOne day you will come to Montauk
And see your dad trying to be evil
And see your other dad feeling lonely
Hope that you will protect him and stay
Dont worry, I know youll have to goOne day, years ago in Montauk
Lived a woman, now a shadow
There she does wait for us in the ocean
And although we want to stay for a while
Dont worry we all have to goOne day you will come to Montauk
