Always Be With You

Walking On Cars

If this is what you want then why didn't you say?
You didn't wave goodbye, now you're gone away
I'll always be with you
Yeah, I'll always be with you
What you had in mind didn't go to plan
First you learned to walk oh thats when you run
You said I'll always be with you
Yeah, I'll always be with youIs it home somewhere you call your own, are you happy now?
Just know
That I'll always be with you
(You're far from me)
Yeah, I'll always be with you
(You're far from me)
With you
(You're far from me)
Why don't you take me with you?
(You're far from me)
Please don't you erase me i know that you can
If it's been for me, i know that I'll always be with you
(You're far from me)
Yeah, I'll always be with you
(You're far from me)
Send me a wish or give me a sign
Even though you're gone I'll always call you mine
You said I'll always be with you
You said I'll always be with you
I saved you a seat on the bigger line
As it goes around about a thousand times
You said I'll always be with you
You said I'll always be with youIs it home somewhere you call your own, are you happy now?
Just know
That I'll always be with you
(You're far from me)
Yeah, I'll always be with you
(You're far from me)
With you
(You're far from me)
Why don't you take me with you?
(You're far from me)

Please don't you erase me i know that you can
If it's been for me, i know that I'll always be with you
(You're far from me)
Yeah, I'll always be with you
(You're far from me)
With you
OohhAnd it's a light you didn't shine
But I will always call you mine
Oh it's a light you didn't shine
I thought this would make things better
I thought this would make things better
I thought this would make things betterPlease don't you erase me i know that you can
If it's been for me, i know that I'll always be with you
(You're far from me)
Yeah, I'll always be with you
(You're far from me)
With you
(You're far from me)
Why don't you take me with you?
(You're far from me)
Please don't you erase me i know that you can
If it's been for me, i know that I'll always be with you
(You're far from me)
Yeah, I'll always be with you
(You're far from me)
With youOohh
Yeah, I'll always be with you
Oohh
