I Understand

Blazin' Squad

[Krazy]I think about you every day
every night, I know you see
I know you think I know you
feel that i'm right, I wanna
make things new, let the past
flow through, I'd love to have
fun like we used to do.
[Rocky B]I understand what you're
goin' through, if I was in
your shoes I'd feel like you
and have a clue, but you
gotta let me into your
problems, and we can
innovate, communicate
and gradually solve them.
[Flava and Krazy][Chorus]Hey shortee, hear me,
I understand what you're
goin' through, its ok baby
I got your back and we can
make it through, the krazy
dayz when we get emotinal
and wanna cry just believe
me shortee, I got your back
and we will make it through.
[Kenzie]Come on now girl express
your feelings to me, if you
can't explain to me what the
problem be, and i got your
back you know that i really
want you, shortee understand
coz i know what you're
goin' through.
[Melo-D]Just open up and tell me
what your problems are,
I can understand girl and
I know its been hard, just look
to the future and forget about

the past, open up your heart

girl don't leave me in the dark.
[Repeat Chorus][Reepa]Girl I know its hard coz
its been hard for me too,
I understand but i don't
know what i'm to do, you
know i want you but do
you really want me, coz
you know I can give you
everything you really need.
[Spike-E]Girl I miss you, girl i want you,
girl I wanna breathe you,
girl I wanna hold and need
you, I understand you do
you understand me, if you
do then come tell me, i need
to know these things, come
and share me with your sins,
coz i understand you,
I know exactly what you're
goin' through.
[Flava]Listen babe, we can go for
a bit, I can show you a life
never missed, with my hand
on your hip and my lips on
your lips, we can call it a kiss,
we can hold each other,
we can make a wish.
[Strider]I can't take it no more, coz
its hurting me so much that
I can't breathe, coz this pain
is just far too great for me,
and if you trust in my life,
I'm sure that you will find
that my love that i give will
never be declined.
[Repeat Chorus to fade]
