Space Cadet

Â¡MAYDAY!

I'm standing alone on the cliffs of the world
No one ever tends to me
Sitting alone, covered in rays
Some things are so my mind can breathWaiting is hard, fucking takes so long
Draped in sun, hands in sand
Earth acid cleanses me, cleanses me clean
But the world it never comesIt never comes
It never comes
It never comesI lay on my side in the edge of the room
She never expects anything from me
When all the days, the days of the year
I know I miss that part of meWaiting is hard, fucking takes so long
Draped in sun, hands in sand
Earth acid cleanses me, cleanses me clean
But the world it never comesIt never comes
It never comes
It never comes
It never comes
It never comes
