Curb

Nickelback

Have I gone all too far?
Have I been here before?
If I have, let me know
How it goesTake her place
And I will see her face
No reason, let it slide
And I will watch her dieYeah, to run through fields to find
And I will hold, then lead, then lie
And I will
No, I won'tIs it now really time?
Can I just give mine?
If I can simply trade
Deal madeTake her place
And I will see her face
No reason, let it slide
And I will watch her dieYeah, to run through fields to find
And I will hold, then lead, then lie
And I willRun, hide away from me
De-souled, to seek, decide
And I will, oh no I won't, yeahNo, I won'tYeah, yeah, yeah, yeah
Yeah, to run through fields to find
And I will hold, then lead, then lie
And I willRun, hide away from me
De-souled, to seek, decide
And I won't
Oh no, I won'tRun through fields
To find and I can't
Run through fields and I
And I won'tRun, hide away from me
De-souled, to seek, decide
And I won't
No I won't, yeah
