Everything Changes

Discover America

I don't know what I did to make you smile
But it's sure been a while
Since I've been able to pull that offSo when you're coming down tonight
Go out and have a good time
If we can find a little something to doWhen everything changes
It's nice to have something that stays the sameI don't know what I did to make you laugh
But it's sure been a while
Since I've been able to crack you upThere's just a lot we never talk about
And I don't know what to feel until I know what you think
And I don't think you're set on anythingWhen everything changes
It's nice to have something that stays the same
