Long Night

Nelly

It's gon be a long night
Drop Usher baby, oh yeah
Yeah man, oh
This is a J-Lac track man
Oh, oh, oh
Oh girl, you know how to find me when you need a fix
But you know when you call me make sure time ain't a issue
Listen, I keep a strategy for attackin' yo anatomy
And I hope you don't get mad at me but I had to say it, oh
You know rushin' ain't a option baby, stoppin's not a topic
You know daddy gon' be bringin' it home
You know girl once I'm in it girl, I'm in it
So forget it, I ain't quittin' 'til I touch every square inch of your walls
Shawty here we go, go, go, go, go
Take your clothes off slow, slow, slow, slow, slow
Give your boy a little show, show, show, show, show
Girl 'cause you know what I like, don't put up a fight, oh
Just give it to me girl, I promise I'm a keep it steady
'Cause I been lookin' at you baby and I know you're ready
So cut off your phone, it's gon' be a long night
I can't hold it for long baby 'cause it's gettin' heavy
Let me beat it out the frame, I'm tired of lookin' at it
I'm just tellin' you, it's gon' be a long night
Listen you see girl I'm talkin' hours, he just talkin' minutes
He gon put you in his black book I'll put you in the Guinness
Book of World Records, shawty I'm already in it
I already did it in the bed of menace
Some call me Dennis 'cause my rod man diggin' in
Leave 'em all screamin' out damn
I'm Scorpio so may you know just how I am
Now girl u know who I am, quit playin, so baby let's go
Now Shawty let's we go, go, go, go, go
Take your clothes off slow, slow, slow, slow, slow
Give your boy a little show, show, show, show, show
Girl 'cause you know what I like, show me where to bite you
Oh, just give it to me girl, I promise I'ma keep it steady
'Cause I been lookin' at you baby and I know you're ready
So cut off your phone, it's gon' be a long night
I can't hold it for long baby 'cause it's gettin' heavy

Let me beat it out the frame, I'm tired of lookin' at it
I'm just tellin' you it's gon' be a long night
Listen by the time I'm done with you
Ain't gon be nothin' left to do
I'ma take my time when I put it on you
I'ma make sure you touch every inch of this room
Startin' from the bed to the floor, to the couch
To the stairwell kitchen counter, clear it out
From there we goin' straight to the balcony
Show you what you never seen
Who you know do better than that?
Aye, just give it to me girl, I promise I'm a keep it steady
'Cause I been lookin' at you baby and I know you're ready
Cut off your phone, it's gon' be a long night
I can't hold it for long baby 'cause it's gettin' heavy
Let me beat it out the frame, I'm tired of lookin' at it
I'm just tellin' you, it's gon' be a long night
Oh yeah, oh yeah, yeah man
Oh, it's a long night, oh
