Raindrop

Carmen Reece

I feel it around me
I feel like a raindrop
I feel, we're all washed out, burnt out
I think, it's a shameI feel like we're dyin' on the needs
Of the people today
I feel like screamin' at the world
I know it's a game calledInsecurity
Insecure
Insecurity
InsecureI feel like a racing the wind
I feel like I'm flying
I feel that the people that surround me
Have all been blindedI think, I'll reach down in my soul
And pull up what's hidin'
It's these things inside of me
I share them with you, 'causeInsecurity
Insecure
Insecurity
InsecureAnd as I tear down my bad habits
And you grab it
And you throw it out to see if someone tries it
And they like itAnd we run together to figure it out
People always standin'
And we're starin' at what we thought
Was our best gameI feel it around me
I feel like a raindrop
I feel, we're all washed out burnt out
I think it's a shameI feel like, we're dyin' on the needs
Of the people today
I feel like screamin' at the world
I know it's a game calledInsecurity
Insecure
Insecurity
InsecureInsecurity
Insecure
Insecurity
InsecureAnd as I tear down my bad habits
And you grab them
And you throw it out to see

If it is you
