Gutter (Chris Renne Remix)

Paper Route

I dreamt I was a child
Holding a string
into the sky
Climbing it till I finally reached the other sideA city of gold
A beautiful noise
A blanket of sound
Covering me
pulling the sky into the groundI get carried away
Please
Warm the blood inside my veins
I get carried away
Please
Warm the blood inside my veinsI stand on the air
Hovering high
over the earth
I stare at the star as she is waiting to give birthYou are the voice
I can hear
And now I can see
I am a photograph of who I used to beI get carried away
Please
Warm the blood inside my veins
I get carried away
Please
Warm the blood inside my veinsI get carried away
Please
Warm the blood inside my veins
I get carried away
Please
Warm the blood inside my veins
