Budge

Motor Ace

So here we feel, sunrise another breath
Been losing sleep 'cause I've foreseen my death
And all these times I dream and lose my place
So I write it down, so write it down my friend
There's things I hate to read out to the world
There's things I love in all the same surrounds
But all these times, I read it into space
She's not onto you yet, but she's getting close my friend
I won't budge
I won't blame you for trying
It's not easy to contain
I won't budge
I won't blame you for trying
There's no reason to complain
So here we are, sunrise another call
Been losing touch with everyone I love
And all these lies you even call a face
They're not onto you yet, but they're getting close my friend
I won't budge
I won't blame you for trying
It's not easy to contain
I won't budge
I won't blame you for trying
There's no reason to complain
I won't budge
I won't blame you for trying
It's not easy to explain
I won't budge
I won't blame you for trying
It's not easy to, easy to explain
