Emotional

Acemo

Sometimes I get emotional
Sometimes I do some stupid things
Sometimes I say what I should just keep inside
Sometimes I?m sad 'bout everything
Sometimes I?m mad and break some things
Sorry times ten but you just got in the way
Don?t give up no running away
I wont hurt you sometimes I?m just a pain and
And that?s the way it is, that?s just the way I am
Sometimes I feel like crying, laying down and dying
That?s when I need you, well laughing's always easy
But sometimes I?m just scared you'll leave me
That?s when I feel emotional
You say I?m just impossible totally unpredictable
I?m just a girl, get used to it, no big deal
You cant change me why would you try?
I?m no angel but I can make you smile
And that?s the way it is that?s just the way I am
Sometimes I feel like crying, laying down and dying
That?s when I need you, well laughing's always easy
But sometimes I?m just scared you'll leave me
That?s when I feel emotional
Don?t give up I wont hurt you
Oh, sometimes I?m just a pain
And that?s the way it is
That?s just the way I am
Sometimes I feel like crying laying down and dying
That?s when I need you, well laughing's always easy
But sometimes I?m just scared you'll leave me
That?s when I feel
Sometimes I feel like crying
Laying down and dying
That?s when I need you
Sometimes I get emotional
