Drowning Butterflies

Bipolar Sunshine

Give me the chance and I go
You pulling me in and I know
You know where the touch
The force in the rush, you really kidding, baby, allI feel lifted off the floor
Call me then doubt what I saw
I was in the box, laying in the dust
But I wanted you moreMy fame, my pain
My soul you take
Boy, I'll keep on
Know my everythingMy drink, my heart
It's black and dark
Reaper, in it for life
But are we, but are we
Drowning Butterflies
Forever swimming in circles
But are we, but are we?
Drowning Butterflies
Forever swimming in a linePain and lust is at the core
I try on a limb but I fall
Till you see my light
More than want to know
Are you gonna call?You all in my blood and you leave
Taking my heart from my sleeve
Leave me to rust, you're only dust
But I want you moreMy drink, my heart
It's black and dark
Reaper, in it for life
But are we, but are we
Drowning Butterflies
Forever swimming in circles
But are we, but are we?
Drowning Butterflies
Forever swimming in a lineWe lost it all
Far away, far away
Just in love with it all
Think that we are off this safeBut are we, but are we
Drowning ButterfliesI wanna get away, I'm gonna get away
And leave soon
I wanna run away, run away

I wanna run away
I'm gonna get away
And leave soon
And fly straightBut are we, but are we
Drowning Butterflies
Forever swimming in circles
But are we, but are we?
Drowning Butterflies
Forever swimming in a lineWe lost it all
Far away, far away
Just in love with it all
Think that we are off this safeBut are we, but are we
Drowning Butterflies
