Good Times

Yaz

Sometimes I feel, I'll never belong
I want to get there so bad but it's taking so long
Sometimes I feel like letting goBut when it comes right down to it, baby
Who wants to know?
(No one)And I find
(For a good time)
I'm knocking for a good time
(For a good time)
Now I find, yeah
(For a good time)
I'm knocking for a good time
(For a good time)Standing on the outside, I'm looking in
Trying to be heard I don't know where to begin
Help me baby show me howTo be a part of it all and all
Right here and nowAnd I find
(For a good time)
I'm knocking for a good time
(For a good time)
Now I find, yeah
(For a good time)
I'm knocking for a good time
(For a good time)Hands are full of silver
My pockets full of gold
It's time I'm trying to spend
And I can't get myself soldI'm a bargain honey
I'm a giveaway
And you can have it all
If you'd use up my dayNow I find
(For a good time)
I'm knocking for a good time
(For a good time)
And I find, yeah
(For a good time)
I'm knocking for a good time
(For a good time)Yeah, I find
(For a good time)
I'm knocking for a good time
(For a good time)
And I find, yeah

(For a good time)
I'm knocking for a good time
(For a good time)Good time, good times
(For a good time)
Good time, good times
(For a good time)
(For a good time)Good time, good times
(For a good time)
Good time, good times
(For a good time)
(For a good time)Now I find
(For a good time)
I'm knocking for a good time
(For a good time)
Now I find
(For a good time)
I'm knocking for a good time
(For a good time)Good times
(For a good time)
Good times
(For a good time)
Good times
(For a good time)
For a good time
