I'll Remember You

Schabuwan

It has been so long since we have talked
I hope that things are still the same, hoping they will never change
'Cause what we had can't be replaced
Don't let our memories fade away, keep me in your heart for always
You made me believe
That I can do almost anything
Stood right by me
Through the tears through everything
I'll remember you
And baby that's forever true
You're the one that I'll always miss
Never thought it would feel like this
I'll be there for you,
No matter what you're going through
In my heart you'll always be, forever baby
I'll remember you
I promise you I won't forget the times we shared, the tears we cried
You'll always be the sun in my sky
It may be fate that brings us back to meet again someday
Even though we go separate ways
You made me believe
That I can do almost anything
You stood right by me
Through the tears through everything
I'll remember you
And baby that's forever true
You're the one that I'll always miss
Never thought it would feel like this
I'll be there for you
No matter what you're goin' through
In my heart you'll always be, forever baby
I'll remember you
If the day should come when you need someone
You know that I'll follow, I will be there
Don't ever let there be a doubt in your mind
'Cause I'll remember you, you
I'll remember you
And baby that's forever true
You're the one that I'll always miss

Never thought it would feel like this
I'll be there for you
No matter what you're goin' through
In my heart you'll always be, forever baby
I'll remember you
Forever baby, I'll remember you
