

# Fire and Ice

## Within Temptation

Every word you're saying is a lie, run away, my dear  
But every sign will say your heart is dead  
Bury all the memories, cover them with dirt  
Where's the love we once had? Our destiny's unsure  
Why can't you see what we had? Let the fire burn the ice  
Where's the love we once had? Is it all a lie? And I still wonder why heaven has died  
The skies are all falling, I'm breathing but why?  
In silence I hold on to you and I  
Closer to insanity buries me alive  
Where's the life we once had? It cannot be denied  
Why can't you see what we had? Let the fire burn the ice  
Where's the love we once had? Is it all a lie? And I still wonder why heaven has died  
The skies are all falling, I'm breathing but why?  
In silence I hold on to you and I  
You run away, you hide away  
To the other side of the universe  
Where you're safe from all that hunts you down  
But the world has gone where you belong  
And it feels too late so you're moving on  
Can you find your way back home? And I still wonder why heaven has died  
The skies are all falling, I'm breathing but why?  
In silence I hold on to you and I  
Every word you're saying is a lie
