# 3 AM

## Devin Townsend

More than you know it,I'm aware
All this connection that we share
I know It seems like sometimes i don't care,
But you are the colors that i wear,
It' been a few hours nearly dawn,
You've been real quiet all along,
Now I cannot help but think there's something wrong,
Hey baby,what's going on?

3 A.M. we seemed alright,all the way into the light,
Now 3 A.M. has gone,along with when there's nothing wrong
3 A.M. we seemed alright

If I've been thoughtless let me know,
I can't take the hint u know,though I know slow
Just don't keep it in you,yes it's so crude and grown
The Bottom line is,I love you so,

3 A.M. we seemed alright,all the way into the light,
Now 3 A.M. has gone,along with when there's nothing wrong
3 A.M. we seemed alright

3 A.M. we seemed alright,I got it better,I got it better,
run away way into the light,Now 3 A.M. has gone,along with when there's nothing wrong
3 A.M. we seemed alright
