Lucky Lucy

Tailor

As the train comes riding in the smoke evaporates in the morning sky
We knew this day would come
the day we would be saying goodbye and not ask why
88 years is a long time when youâ€˜ve been waiting here, patiently
Oh now heaven loves you more,
Oh now heaven loves you moreâ€¦

Lucky Lucy you meant the world to me
Lucky Lucy why canâ€™t you hear me anymore
You felt my cry you heard my call you would never let me go
Lucky Lucy now heaven loves you more

As the sky turns grey I find peace and hope in forever, 3 days in and Iâ€™m already Iâ€™m already heart broken this i
my endless summer
Oh now heaven loves you more Oh now heaven loves you more!
Chorus:
As the sky turns grey I find peace and hope in forever
88 years is a long time when youâ€™ve been waiting here patiently
Now I solute youâ€¦
