I.O.U.

Luke James

Since the beginning, your love was always given
And just like my favorite wine,
it gets better after time, ooh yeah
Baby I want this forever, never end
I promise that I won't stop hopping
You give me a reason to live right
Wont find nothing better in this life, and
Every time I needed you
You always knew the right things to do, uhu, yeah
Ill owe you forever,
Ill owe you forever[Chorus]
For all the love you give to me
How could I ever repay
I owe you, I owe you, I owe you
For everything you done for me
How could I ever repay
I owe you, I owe you,
I owe youHoney dipped kisses, you grant all my wishes
You rescued me in the nick of time
You saved my life, whoah ooohBaby aint nobody else in my vision
Opening up in you is my mission
You give me a reason to live right
Wont find nothing better in this life
And when the rain was pouring down
You came and cleared my grey clouds
Ill owe you forever,
Ill owe you forever[Chorus]
For all the love you give to me
How could I ever repay
I owe you, I owe you, I owe you
For everyting you done for me
How could I ever repay
I owe you, I owe you,
I owe youIm forever in debt
Couldnt have done it without your help
I love you and dont you forget it
Maybe even more than I love myself
Baby for everything weve been through
Theres nothing that I just wont do

Cause I owe, I owe you[Chorus]
For all the love you give to me
How could I ever repay
I owe you, I owe you, I owe you
For everything you done for me
How could I ever repay
I owe you, I owe you,
I owe you.
