TOGETHER (feat. AlunaGeorge & GoldLink)

KAYTRANADA

[AlunaGeorge]
It sad to let it go
Let it fall the way you never ?
It seems so much more so intense
So you'll never find a way to forgive, to forget, to be unconditional, noWe don't have to fight, no more
This isn't the time to be ? on the floor
We just have to walk thru' that door together
We don't have to fight, no more
This isn't the time to be ? on the floor
We just have to walk thru' that door together
We don't have to fight, no more
This isn't the time to be ? on the floor
We just have to walk thru' that door together[GoldLink]
Yeah

Getting their money, money they're ording you re mama house
My money for the mama she clean for her future spouse
I love the things that I do when your mama blow
I'll make the baby daddy ain't daddy grown enough
I'll watch my baby grow up alone in her mama house
