Changeless

D*Note

Call my friends to share some wine
To share some laughs and last goodbyes
My photographs of these years
Will make me laugh through the tears
What are the odds, what are the odds?
This ends and we don't meet again
What are the odds, what are the odds?
That I will miss your smile
Take awhile, take awhile, take care and
Fly away and see the world
Take awhile, take awhile, take time and
If you need rest, I'll keep your nest changeless
Let fondness be our souvenir
To keep it warm, we'll keep it near
Otherwise with no heart to recall

A memory's just a memory after all
I will not leave this pulse alone
Though it may take the long way home
I will not wait until the end
For my applause for you my friend
What are the odds, what are the odds?
This ends and we don't meet again
What are the odds, what are the odds?
That I will miss your smile
Take awhile, take awhile, take care and
Fly away and see the world
Take awhile, take awhile, take time and
If you need rest, I'll keep your nest changeless
