# Waiting on the Light to Change

## Randy Travis

This old road has taken its toll
I've been broke down but now I'm back on a roll
Got it in gear, sittin' on go
Just waiting on the light to changeI'm going places straight to the top
I'm all revved up, my engine's hot
Just temporarily come to a stop
And I'm waiting on the light to changeI took a little detour, wrong way down a one way street
I had to learn the hard way, no short cut to easy streetI lose my way now and then
But better days are just around the bend
I'm gonna get myself movin' again
I'm just waiting on the light to changeI took a little detour, wrong way down a one way street
I had to learn the hard way, no short cuts to easy streetBoth my hands are on the wheel
My turn will come I know it will
From now on it's all down hill
I'm just waiting on the light to change
