Late At Night

Kristy Lee

It's late at night
And I can't sleep
So I lie
Awake and try to think

But when you hold me
The way you do
I have no choice
But to fall in love with you
It's late at night x2

And sometimes it hurts so bad
When I think about all the times we've had
And all the memories that I've made
Of us together are falling away

And I'm falling too x2
It's late at night x4
Do you think
Do you see
Do you even believe in me
Do you feel the same
Leaving me to blame
For all your pain

Do you think
Do you see
Do you even believe in me
Do you feel the same
Leaving me to blame
For all your pain

It's late at night x2

(It's late at night)
Too late to call
You've fallen asleep
And fall away from me x2

Do you think

Do you see
Do you even believe in me
Do you feel the same
Leaving me to blame
For all your pain x2

It's late at night...
(repeated until the end)
