Without You

Clique Girlz

I thought that leaving here would be
Harder than anything
I'd ever doneYes, I believed that you were the one
And now I know that I just wasn't right
And giving up this fight
Was something on the other sideWithout you I'm finally free
I'm no longer in the shadows
Without you it's easy to breatheNow that we're not together
Every thing's so much better
Without you, without youSo take your things, I don't need them
To remind me of
The way we were and how we've been
That just brings me down
I don't need sympathy from anyone
I'd rather be alone
Standing on my ownWithout you I'm finally free
I'm no longer in the shadows
Without you it's easy to breatheNow that we're not together
Every thing's so much betterYou were the one who made me cry
Promised you would change a thousand times
We had a love I couldn't chainBut you turned me around
And now I just can't take it no more
Take it no more, take it no moreI just can't take it, I just can't take it
I just can't take it, I just can't take it
I just can't
I thought that leaving you would be
Harder than anything
I was so wrongWithout you I'm finally free
I'm no longer in the shadows
Without you it's easy to breatheNow that we're not together
Every thing's so much betterWithout you
Without you
Without you
