In the Morning

The Nearly Deads

Don't let your whole world fall apart just because I'm not here.
It's not like I'm not coming back.
I'm not just gonna disappear.
I never cheated, never lied.
So, much to my surprise...The life we had was based on lust...
And there was never any trust.
Oh oh oh Go to sleep, and forget about me.
In the morning, in the morning, in the morning.I don't remember how we met.
The time of day, the month or year.
Because you never let me fly on my own...
I stayed with you out of fear.Oh oh oh Go to sleep and forget about me
In the morning, in the morning, in the morning...
You had me up against a wall and I could feel our love fall. We never really had it all.
I should've known that this was wrong....
