Will You Be There? (French Horn Rebellion Mix)

Andy Bell

We reach the point of no return
It happens to us every time
Gotta tell it's best you knowFool around at every turn
It happens to anyone
But there is one thing you should knowI've been searching 'round the world
I've been searching every place I know
It's the last place in the worldWill you be there? Will you be there?
Will you be there? Will you be there?
Will you be there? Will you be there?I didn't mean to let you down
Just turned around and walked away
Babe, I know you're hurting badI never had enough to say
But know I will be 'round again
I've been looking for the love of my lifeI've been searching 'round the world
I've been searching every place I know
It's the last place in the worldWill you be there? Will you be there?
Will you be there? Will you be there?
Will you be there? Will you be there?
Will you be there? Will you be there?
Will you be there? Will you be there?Will you be there? Will you be there?
Will you be there? Will you be there?
Will you be there? Will you be there?
Will you be there? Will you be there?
Will you be there? Will you be there?
