Christmas In Riverdale

The Archies

Let's go ride in Archie's sleigh
Bring the kids, and we'll all play;
Making snow angels on Christmas Day
It's Christmas in Riverdale.Skate in the lake in the park,
We'll slide on the hill until ot's dark;
Plush that sound! It's Hot Dog's part
It's Christmas in Riverdale.I miss childhood years
With our friends and family to care;
How we love Christmas Day
In the best town in the U. S. A.Christmas in Riverdale
Don't you wish that it would never end?
Christmas in Riverdale
And next year, we'll do it all over again;
Come on, everyone
We're gonna have so much fun!
It's Christmas!Drive around townsee the Christmas lights
Every house shines so bright
So Santa will see 'em on Christmas Night
It's Christmas in Riverdale.I miss childhood years
With our friends and family to care;
How we love Christmas Day
In the best town in the U. S. A.Christmas in Riverdale
Don't you wish that it would never end?
Christmas in Riverdale
And next year, we'll do it all over again;
Come on, everyone
We're gonna have so much fun!
It's Christmas!Just like a tree in the center of town,
See the smiling faces all around.
(Listen to the Christmas sound!)
It's Christmas![key change, then musical bridge]
Come on, everyone
We're gonna have so much fun!It's Christmas in Riverdale! ...
