Reprise

Dukes Of Windsor

Lift your head
Don't forget you are loved
Lift your head
Don't forget you are loved
Lift your head
Don't forget you are loved
Lift your head
Don't forget you are loved
Hang onto me
That'll be the first words that you learn
Listen child and believe them 'til you die
Not long for me
For you see the dreamers have all grown
And I so wanted children of my own
