# No Action

## Elvis Costello

I don't want to kiss you, I don't want to touch
I don't want to see you 'cause I don't miss you that much
I'm not a telephone junkie
I told you that we were just good friends
But when I hold you like I hold that Bakelite in my handsThere's no action
There's no action, there's no action
Every time I phone you, I just want to put you downHe's got the keys to the car, they are the keys to the kingdom
He's got ev'rything you need, it's a shame that he didn't bring them
I'm not a telephone junkie
If I'm inserting my coin, I'm doing just fine
And the things in my head start hurtin' my mind
And I think about the way things used to be
Knowing you're with him is driving me crazy
Sometimes I phone you when I know you're not lonely
But I always disconnect it in timeThere's no action
There's no action, there's no action
Every time I phone you, I just want to put you
Every time I phone you, I just want to put you
Every time I phone you, I just want to put you down
