for you

Semana Santa

You've got him I heard
Such a messy start
Everyone gets hurt...
Friends get torn apart
I hope you know.
That I'm so damn sorry
So damn sorry
Tied up in all this fun girl
Nuts I can't undo
But I can try, it's the least that I can do
For you.
Blame gets thrown, around
The truth's my only sound

Before you go
I hope you know
That I'm so damn sorry
So damn sorry
Tied up in all this fun girl
And nuts I can't undo
But I can try, baby I can try...
I'm so damn sorry
So damn sorry
Tied up in all this fun girl
And nuts I can't undo
But I can try, it's the least that I can do
For you
For you...
