Slumming It With Johnny

Say Anything

Me and John rode out from ocean heading east
I had to see with my own eyes the factories
I'm buggin out
We've never strayed this far
Right out of town southeast and down
Inside my filthy car
But when we got there all we saw were more malls and marble mansions
In emerald parks the singing larks proclaimed the great expansion
There is no beautiful garbage
They cleared it up already
Tears roll out the eyes and though I cry I hold the wheel steady
Steady!
Do do do do do do do do do
Do do do do do do do do do
When I get home
I cannot stand my house
My father still fighting with his trophy unfaithful spouse
I hear the echo now I see it somewhere else
A thousand ways, a thousand days, a thousand towns across the commonwealth
Out on a date but like a dog she smells the fear and runs
And still we make our cheap tortured artists are no fun
I dream of anger, sex, unnurtured I succeed but still
Soon I'll be poppin pills
This emptiness will not be filled or caved
Do do do do do do do do do
Do do do do do do do do do
Look at the earth
It's just so green
Perhaps it's envious of all the galaxies it's seen
Where forces swirl in symbiotic harmony
Free of the taint, the gas, and paint of parasites like me
Keep using love as the excuse for why we're fat and lazy
Wait to grow old, like we've been told
Go bald, go west and crazy
This is so pointless it actually holds up out evolution
Sing it to the bastards
FREE YOURSELF FROM MENTAL PROSTITUTION
Do do do do do do do
Do do do do do do do

Oh Oh I didn't know I didn't know
Oh Oh I didn't know I didn't know
