Follow Her Around

What's Eating Gilbert

(Ba-dop-ba-dop, ooh-ooh-ooh) [x4]I felt my girlfriend fall asleep
In my arms and when I looked down
It suddenly occurred to me
How far I'd go to keep her nowIf she would leave me
And start dating some new jerk in town
Yeah, I'd still follow her around
(Ba-dop-ba-dop, ooh-ooh-ooh) [x4]
Follow her around [x3]I'd search his name, find where he lived
And wait outside in the front yard
It'd take 5 guys to handcuff me
I'd still be smiling in the cop carIf she would leave me
And start dating some new jerk in town
Yeah, I'd still follow her around
(Ba-dop-ba-dop, ooh-ooh-ooh) [x4]
Follow her around [x3]As I sat in my cell, I'd go crazy just wondering
Imagining her out there with someone else smiling
The jealousy, it eats me up inside, it's burning
But in 1 year from now (6 months from now)
1 week from now (3 days from now)
1 hour from now, I'll be getting outAnd when I find her
If she's dating some new jerk in town
Yeah, I'd still follow her around
(Ba-dop ba-dop, ooh-ooh-ooh) [x4]
Follow her around [x3]
