I Adore You

Action Bronson

I Adore You
When I drive alone at night
and sit around
and see the frowns
of other people down,
it bores me
And when I have to listen to
the points of view of people who
Are way into bad news,
it bores me
I would rather hear
Hear you whisper in my ear
That you adore me
Chorus:
That you adore me
and only you get my love
I adore you in a million ways, night and day
I adore you and only you can get my love
In so many ways I
