On the Move

David Arnold & Michael Price

Pack up my shit I'm on the road like Kerouac
(Whoo)
Found tranquility in the cover that holds me
(Down, down)
People I've query, I'm always on the move
(Get more)
Set it up, pack it up, giddy up, giddy up, whoo
I love it, whoo, I hate it
Rolling stones gather no moss, so let's go
Not a life, not a love
Not a motherfuckin' minute to spare
(God damn)
3 65 24/7 on the move
(Hey)
Gotta go, gotta go, gotta hurry up and get there
(Now)
I'm living' the life
(Whoo)
Without the life
(God damn)
Gotta make it today to live up on the stage
(Hey)
So I'm blowing it up like a high school game
I know my place is on this road, my sad story
Reflect on all the things that fell behind, can't be sorry
I will follow my life and all the curves that it throws me
Just when I think that I've found my home, I'm gone
When my worlds only gonna P to TM
We'll be choppin' him dead inside until I'm dead
(Yeah)
Keep my hat on my head can't hang it without a home
(God damn)
Gotta push it more and this way I am alone
(Hey)
I'm living' the life
(Whoo)
Without the life
(God damn)
Gotta make it today to live up on the stage

(Hey)
So I'm blowing it up like a high school game
I know my place is on this road, my sad story
Reflect on all the things that fell behind, can't be sorry
I will follow my life and all the curves that it throws me
Just when I think that I've found my home, I'm gone
This circus cycle family if faces aren't so strange
Faces becoming more familiar day by day
Sharing becomes closer day by day
The world becomes our home
Day, we'll turn up with nothing
Night but we'll be back sometime
Day, if it's ready I'm ready
Night, I've lived a life today
Day, I'm healing the bleeding
Night, dead now to back alive
Day, I've been through another
Day, I'm living the life, yeah, right
I know my place is on this road, I can't be sorry
Reflect on all the words that fell aside my tragedy
I have followed my life and all the curves that it's thrown me
Now at least I know I've found my home where I belong
