Maybe

Dave Patten

Let it be let be shes here with you because she wants to be stop trying to find a reason for everything she does
Part of me is holding back because I want to see what happens next I love to be in the moment
Especially with herI dont know if Ill ever be the one, I dont think I can get it done I dont know if Ill ever be the one, all my confidence is gone, hmm yeah[Chorus] Maybe I should wait
Why am I afraid? I dont know
See this is my mistake
Im always overthinking everythingSee right here is a perfect example, she looked at me and then she looked back away
What the hell is that supposed to mean? I dont know what youre thinking
And then a thought pops into my head, I lean in and I kiss her
Im pretty sure that she likes what I did so I lean in and I kiss her again butI dont know if Ill ever be the one, I dont think I can get it done
I dont know if Ill ever be the one, all my confidence is gone, hmm yeah[Chorus] Maybe I should wait
Why am I afraid?
I dont know
See this is my mistake
Im always overthinking everythingI think I need to take a chance; Ill either sink or swim
I dont want to think again, Ill just do it.
