Amber

Casey Fallen

Arboretum(s), wax museums, we go.
I wander, I ponder, alone.Your my one friend, I know.
What else? Can you come to my show?Amber please don't go.
Amber, You'll leave me alone.Berry farms and Audi cars, we go.
Redesigning, reconsiling, alone.Lifes hard, but your there, I know.Amber please don't go.
Amber, you'll leave me alone.
Amber please don't go.
Amber, Please don't.
