Acid Death

DJ Zarin

An insane murderer is comin' to you
You are cryin' horrible to God
But Satan laughs and doesn't help
You are gonna die in Hell tonight
Fight for the nation underground
Dyin' and killin' so hard tonight
We break up the wall of sound
The end is near we will fight
He is so cruel and likes the acid
Satan gave him the power to kill
Nobody thinks that he is the man
Who is killing without end
Acid death
