One Love

Beach Hoppers

When I wake, I see you
Lying there on the bathroom floor
With foam lips, a black kiss
You're dead hero and now myth
The way you look so nice
We'll save the undead princess
I'm anxiously awaiting your arrival now
One love in your eyes now, look afraid
Beyond you and me
One love in your eyes now, look afraid
Beyond you and me
One love, in your eyes now, look afraid
A demon, your ghost eyes
Watching me run through our lives
A soft look in silence
Misery come and find us
Well, don't try to stop me
I'm headed straight to hell down
I want you, I need you now
One love in your eyes now, look afraid
Beyond you and me
One love in your eyes now, look afraid
Beyond you and me
One love in your eyes now, look afraid
Beyond you and me
One love in your eyes now, look afraid
The last night, you were here
Your words were so meaningful
With reprise we suffer
I thought your roots were so fake
One love in your eyes now, look afraid
Beyond you and me
One love in your eyes now, look afraid
Beyond you and me
One love in your eyes now, look afraid
Beyond you and me
One love in your eyes now, look afraid
Beyond you and me
One love in your eyes

Beyond you and me
One love in your eyes
Beyond you and me
One love
