Sail Away

Koo

Take over me, take what you need
'Cause I'm feeling free in epiphany
Forget who you are and forget who you've been
Tonight listen close, you are the truth in me
Disguise the night, let it take flight
Yeah, like a thief in the night
Steal it right from the skies
Never seen it before, but you're liking me
It's the prettiest thing the way you make me believeLet's sail for tonight
Forget the weights of today
Be all that we are
And SAIL AWAY, SAIL AWAY
SAIL AWAY, SAIL AWAY
Sail from the shore
Let tonight fall
I belong, SAIL AWAY with you
Sail from the shore
And watch the night fall
Where I belongAll with me, I found you
You make my heart inhale, feel brand new
We're falling for one night, swear to see it through
Let's fall in love, if you want too
You're filling me up, yeah, freedom in you
Take me where I've never been
Showing me this epiphany
Search my eyes, you're gonna see(x2)
Let's sail for tonight
Forget the weights of today
Be all that we are
And SAIL AWAY, SAIL AWAY
SAIL AWAY, SAIL AWAY
Sail from the shore
Let tonight fall
I belong, SAIL AWAY with you
Sail from the shore
And watch the night fall
Where I belong
Shore, fall
