Rollercoaster Ride

Natasha Thomas

Sometimes I feel our love is strong
Sometimes I think our love is wrong
Are we really meant to be or should I break freeI never quite know which way to turn
So far there's just one little thing that I've learnedIt's never gonna stop this crazy thing called love
'Cause it's a, it's a rollercoaster ride
At one point I'm on the side, next thing I'm almost flying
'Cause it's a, it's a rollercoaster rideSometimes I'm up, sometimes I'm down
Sometimes I'm spinning round
And it's never gonna stop this thing called loveSometimes I almost hit the breaks
But then I think about what's so steak
You're the only one I love so I decide not to stopI never quite know which way to turn
So far there's just one little thing that I've learnedIt's never gonna stop this crazy thing called love
'Cause it's a, it's a rollercoaster ride
At one point I'm on the side, next thing I'm almost flying
'Cause it's a, it's a rollercoaster rideSometimes I'm up, sometimes I'm down
Sometimes I'm spinning round
And it's never gonna stop this thing called love
Yeah, yeah, yeahI changed my mind about a million times
I wanna walk away but my heart wants to stay
So I don't know
I'm never quite sure about which way it's gonna goIt's never gonna stop this crazy thing called love
'Cause it's a, it's a rollercoaster ride
At one point I'm on the side, next thing I'm almost flying
'Cause it's a, it's a rollercoaster rideIt's never gonna stop this crazy thing called love
'Cause it's a, it's a rollercoaster ride
At one point I'm on the side, next thing I'm almost flying
'Cause it's a, it's a rollercoaster rideSometimes I'm up, sometimes I'm down
Sometimes I'm spinning round
And it's never gonna stop this thing called loveSometimes I'm up, sometimes I'm down
Spinning round and round
Sometimes I'm up, sometimes I'm down
Spinning round and round
