Ran For Miles

Gemma Hayes

Well, I got myself a new day and I got myself a second chance
So I headed to the bus stop and the sun, the sun was warm on my backToday, I ran for miles just to see what I was made of
Today, I ran for all that was mineWell, I got myself a song inside and I got myself some full blown daylight
Wanna tell you just how hard it's been trying to talk myself out of jumpingToday, I ran for miles just to see what I was made of
Today, I ran for all that was mine, yeahToday, I ran for miles just to see what I was made of
Today, I ran for all that was mine, just to see what I was made of
Today I ran for all that was mine, yeah
