Dearly Departed

DeVotchKa

Sweetheart
How I miss your heart
Beating next to mine
The right words were always hard to find
When all our times was fun
When darling you were mine, all mine
And I know
I know you had no choice
But how I miss your voice
Singing right with mine
Flesh of my flesh
Soul of my soul
Come back home

All this darkness
Cannot hide us
Cause they made you from the light
We had purpose
Don't be nervous
We will make it through this night

Sweetheart
How I miss your heart
Beating next to mine
Flesh of my flesh
Soul of my soul
Come back home
