One Shot

Rollins Band

yeah
out of the silence
out of the void
out of destruction mind
I am calm
hot animal
I am gratefully guilty as chargedI want to break it
I want to kill it
I want to rip it limb from limb
I want to taste it
I want to own it
you get one shot
don't miss meback in the lab
they shock my brain
I am electrically insane
they charge me up
they turn me loose
I am rockin' past the threshold of pain
and past abuse
is put to use
I took the hit and lost the fearI am ?
hot animal
I am gratefully guilty as chargedI want to break it
I want to kill it
I want to rip it limb from limb
I want to taste it
I want to own it
you get one shot
don't miss me this timeoutside the fear
outside the chaos
inside relentless mind
I am ?
hot animal
I am gratefully guilty as chargedI want to break it
I want to kill it
I want to rip it limb from limb
I want to taste it
I want to own it
you get one shot don't miss meno

no
don't miss me
