Cheers Elephant

Here they come one by one, someone to seat you.
Itâ€™s alright, on a flight. No one to greet you.
The fog, the smog.

Seats up. Flaps Down. Big Plane. Big Town.

La la la Airliner
Lady and the toad were on a glistening celebration set across a wetland nation and everyone was happy to her ears.
Lady câ€™mon home. We will pet you and adore. Satisfied weâ€™ll enjoy you and everyone you see will be amazed

How you doinâ€™? Enjoy the viewing for miles around
Itâ€™s alright. On a flight above the ground.
The Fog, The SMOG.

Lalala Airliner
Lady câ€™mon home. We will pet you and adore. Satisfied weâ€™ll enjoy you and everyone you see will be amazed
Lady we all sing. LA la la la la la
