Big Love

True Tiger

The more you have, the more you have to lose
Empty hands are always free to grab onto
Oh, darkness lives in every single one of us
I'm not afraid of mine
'Cause nothing is impossible but everything is difficult sometimes[Chorus]
And it takes big love, big love
To get you through
It takes big love, big loveSometimes I forget the search can mean so much more than the things you find
Living in fast forward but we never get the chance to press rewind[Chorus]Ooh, big loveOh, darkness lives in every single one of us
I'm not afraid of mine
'Cause nothing is impossible but everything is difficult sometimes[Chorus]Sometimes I forget the search can mean so much more than the things you find
Living in fast forward but we never get the chance to press rewindIt takes big love,
and it takes big love
To get you..
To get you through
