I Need You

Dave Gahan

I need you
I need you
I need you
I need youI'm asking my friend, I need you again
Can you do something for me?
Time, it just passed and we had some laughs
Maybe it's just about greedYou'll always need me much more
Than I need you
You'll always need me much more
I need youI'll ask you again but I don't think you've changed
You never did nothing for me
I wonder sometimes if you're looking down
On everything that you seeWith all of your gold stories all told
Some things just aren't meant to be
You live in the past shadows don't last
This time it's all about me
