

# Sleep Precious Sleep (Original)

## Global Citizen

You're lost, you're found  
You're tired of waiting around  
You're up, you're down  
You got your head stuck in the clouds  
Rejected, neglected  
Life's not what you expected  
You're feeling down, down, down ,down, down,  
down, down, down, down, down,  
down, down, down  
down, downCome here tonight  
I'll hold you right  
I'll fill you deep  
I'll stroke you while you sleep  
Come here tonight  
I'll hold you tight  
I'll fill you deep  
I'll stroke you while you sleep  
Sleep, sleep, sleep, sleep, sleep  
sleep, sleep, sleep, sleep, sleep  
Deep deep sleep  
Sleep precious
